

FORTH VALLEY SOARERS

Join us and fly Gliders

We are seeking new members (All Ages!)

Amazing hillside views, fresh air and great exercise too!

We fly from the hillside and the hilltop with aerobatic, combat, thermal, scale jets, and more. Mostly at weekends.

Where? Castlelaw or Hillend in the Pentland Hills – one of the best sites in Scotland.

Come along and have a try – we will provide equipment and a glider and someone to help you.

(Phone or email us to have a chat and find out more, or to book a trial flying session. Full details on website. Our regular flying sessions are normally 10am on Sundays. Accompanied older children are welcome. The wind direction on the day determines which location is used.)
